Luggage Tag.

### Fechas de salida:

Julio 27

Agosto 24

### Horas de salida:

Queens 6:30 AM

Manhattan 7:15 AM

New Jersey 8:00 AM

**1st Day (Saturday):** Pennsylvania's tradition of civil and religious freedom attracted people from many places and its workforce turned the resources of the state into vast industries. This is a real tour to the past, focused on the descendants of the first German settlers, the Amish that arrived in 1683 seeking religious freedom. Rolling hills with lush grasses and crops, farms with windmills dotting the bucolic horizon; horsedrawn buggies and horses sharing the road, remind us that this is not a pantomime; that, even today, the Amish still practice humility and reject, as much as possible, modernity. We visit the Amish Farm House; participate in a guided tour thru the Amish farmlands , have the option of enjoying authentic Amish dishes on site; proceeding to Kitchen Kettle Village to sample the variety of crafts and traditional foods (homemade breads, cakes, cookies, cheeses, jams, condiments and excellent food with unexpected touches). In the late afternoon we continue to Harrisburg where we will spend the evening at our hotel after we have dinner.

**2nd Day (Sunday):** After breakfast we visit Indian Echo caverns; where local guides explain every detail of these geological wonders. We continue to the "sweetest place in the world": Hershey, Pennsylvania, founded in 1903. Hershey's Amusement Park, reintroduced in our itinerary by popular demand is composed of a 123-acre park which offers a perfect balance of fun for the whole family. The park has over 12 roller coasters, numerous water rides, carousels, and many other attractions; plenty of places to eat and, of course, chocolates of all kinds at Hershey's Chocolate World. In the late afternoon we return to New York City.

**Nota: Agregar \$20.00 por persona para cargo de servicios.**

**Admisiones no están incluidas; ni las propinas para el guía y el chofer.**
